

## The Jason Foundation

JFI is a non-profit education organization dedicated to the awareness, education and prevention of youth suicide. Your local **JFI** office offers a full array of educational programs to schools, churches, and youth organizations. Our curriculum unit, "A Promise for Tomorrow", is available for grades 7 through 12, with teacher and parent seminars also available. All of these programs are at "**No Charge**" in your local service area because of the support of Psychiatric Solutions, Inc.

**Psychiatric Solutions, Inc.**, based in Franklin, TN, is a major provider of behavioral health care services in communities across the country. Through the support of **PSI** and its local facilities, **The Jason Foundation** has grown to be a national force in the awareness of youth suicide. **Psychiatric Solutions, Inc.** operates numerous behavioral facilities throughout the United States that provide excellent psychiatric and substance abuse services to children, youth and adults. In the communities where **PSI** facilities are located, **PSI** is establishing **Jason Foundation** offices. These **PSI** affiliate offices provide educational programs for educators, youth workers, parents and youth. **PSI** and **The Jason Foundation** work together to help give our youth "A Promise for Tomorrow".

### TN Affiliates:

- Parthenon Pavilion of the TriStar Health System
- The Vanderbilt Department of Child and Adolescent Psychiatry
- Frontier Health – 1-800-711-7701 East Tennessee only

The majority of our young people will never attempt suicide: However, the loss of over 100 young people per week requires us to actively work toward learning prevention strategies to save young lives. We can begin by learning some...

### Signs of Concern:

- Abrupt Changes in Behavior
- Mood Swings
- Crying Spells
- Recent Grief or Losses
- Changes in School Performance
- Giving Away Treasured Belongings
- Suicidal Threats/Hopelessness

## Did You Know?

Suicide is the **THIRD** leading cause of death for ages 15-24.

Each week in our nation we lose approximately **100** young people to suicide.

Suicide is the **SECOND** leading cause of death for college-age youth.

In the past twelve years, we have lost more young people to suicide than the total American lives lost in the entire Vietnam War.

## IF YOU HAVE QUESTIONS... WE CAN HELP

The C.A.R.L. Line is an innovative program in youth suicide prevention. It is a 24-hour/seven-days a week telephone "Resource Line" for anyone who needs information regarding suicidal ideation in youth. Our C.A.R.L. lines are staffed by trained clinical specialists. Although C.A.R.L. may function as a crisis intervention program for young people, its main purpose is to provide important information to parents, teachers, and other youth workers in order to identify and assist youth who are possibly experiencing suicidal ideation. The C.A.R.L. line may also be used to schedule seminars and request materials.

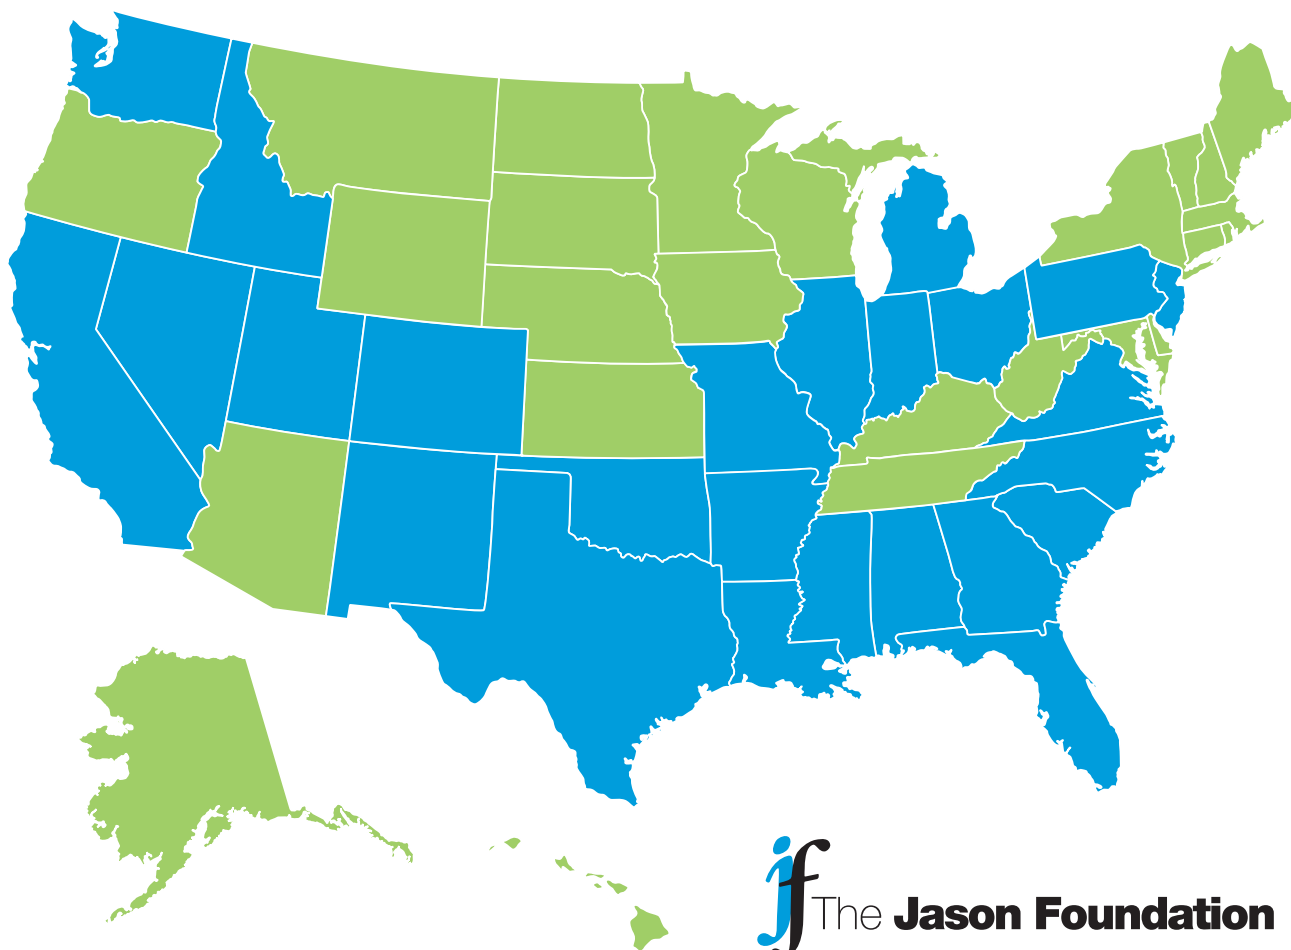

## Call us 24 Hours a Day

There is no simple formula... every young person is different. That's why the Community Assistance Resource Line is here to help 24 hours a day, seven days a week. You will speak to a caring experienced clinical specialist who will listen to your concerns and keep your call confidential. The specialist will assist you in finding help.
